If your workforce understood what is right and what is wrong and how integrity and obligation affect right decision-making, would you worry so much about the future of your company?

Ethics and Business

Targeted Outcomes:

- ◆ Company-wide ethical conduct
- ◆ A fully-developed code of ethics everyone can embrace
- ◆ Responsible and accountable teammates demonstrating ethical actions and decision

Values, integrity, and core beliefs are rooted in experiences, and through group discussion and the exploration of personal beliefs any team can develop a living code of ethics.

When accountability, stewardship, inclusiveness, and teamwork are defined in observable terms, then incorporating standards of practice can be used to sustain progress and greatness.
